

## How to “Serve Notice”

One of the ways we can stand up to protect our children from the current abuse is to “Serve Notice” to those who are possible suspects of said abuse. **“Serving Notice: Choose This Day”** is a document that can be filled out and then sent to the possible suspects, or read aloud at a board meeting.

When this Notice is sent to someone, handed to them in person, read aloud or mailed, it does not mean we are accusing them of child abuse. It specifically indicates those “who are” writing laws, policies or participating in the process of allowing children to harm themselves or be harmed by others, are the ones who need to “cease and desist.”

This is a three-minute read, so it will work well for most board meetings during public comment.

If sent in the mail, certified mail requesting a signature would be best, but not necessary. That can get expensive and time consuming especially if you intend to send several notices.

Another way to “Serve Notice” is to meet with a person one-on-one, read them this notice and hand it to them. Then discuss your concerns. A powerful tool to help facilitate this process would be to hand them the book **“We The County: A Way Of Life Ensuring Liberty Protecting Our Children.”** This explains how the Marxists-Luciferian system is behind the indoctrination of our children.

“Seat of Accountability” is the position or title of the person you are serving notice to.

### Example;

To: Michael D Smith

Seat of Accountability: Pastor of Life Song Church

To: Paul Rich

Seat of Accountability: Sanilac County Sheriff

To: Kurt Dennis

Seat of Accountability: Sandusky School Superintendent

This “Notice” is one tool we are using to protect God’s children. This is working in conjunction with “The PLEDGE to Protect God’s Children.” We are bringing people to a choice: a Marxist government based on Luciferian ideology or a Constitutional Republic based on Biblical Ideology. The road back to Constitutional Counties is through the heart of the Good People by opening their eyes to the evil around us.
